#### Note 1. Summary of Significant Accounting Policies

The Fourth Ward Drainage District No. 1 of Acadia Parish was created by the Acadia Parish Police Jury as authorized by Louisiana Revised Statutes 38:1602-1614. The District is governed by a board of five commissioners who are appointed by the Acadia Parish Police Jury. These members are authorized to open and maintain all natural drains in the district, where drainage is accomplished using the natural force of gravity. This may be accomplished by cutting and opening new drains, ditches, and canals. The District has no full-time employees and does not own any fixed assets. Drainage work in the district is performed by contractors. The District comprises the fourth ward of Acadia Parish, which covers 35 square miles and has a population of approximately 400.

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. All GASB pronouncements are recognized as generally accepted accounting principles for state and local governments.

#### Reporting entity:

In conformance with GASB Codification Section 2100, the Drainage District is a component unit of the Acadia Parish Police Jury, the governing body of the Parish and the governmental body with oversight responsibility. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Police Jury, the general government services provided by that governmental unit, and other governmental units that comprise the governmental reporting entity.

#### Fund accounting:

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid in financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds of the District are classified as governmental funds. Governmental funds account for general activities, including the collection and disbursement of specific or legally restricted monies and the servicing of general long-term debt. Governmental funds include:

 General fund - the general operating fund of the District and accounts for all financial resources except those required to be accounted for in other funds.

#### NOTES TO FINANCIAL STATEMENTS See Accountant's Compilation Report

2. Capital projects fund - accounts for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental funds.

#### Basis of accounting:

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The District's accounts are reported on the modified accrual basis of accounting using the following practices in recording revenues and expenditures:

#### Revenues:

Ad valorem taxes and the state revenue sharing are recorded in the year the taxes are assessed. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December of the current year and January and February of the ensuing year.

#### Expenditures:

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

#### Budget practices:

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- The Secretary-Treasurer submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing the following January
   The operating budget includes proposed expenditures and the means of financing them.
- 2. The budget is then legally enacted through passage of an ordinance.
- 3. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 4. All budget appropriations lapse at year-end.

#### Cash and cash equivalents:

Cash includes amounts in interest-bearing demand deposits. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

#### NOTES TO FINANCIAL STATEMENTS See Accountant's Compilation Report

Total columns on statements:

The total columns on the statements are captioned "Memorandum Only (overview)" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

#### Note 2. Receivables

The following is a summary of receivables in the general fund at December 31, 2001:

<u>Class of Receivable</u>	Amount
Ad valorem taxes	\$ 28,235
State revenue sharing	<u>3,145</u>
Total	<u>\$ 31.380</u>

#### Note 3. Levied Taxes

The following is a summary of the authorized and levied ad valorem taxes for the year ended December 31, 2001:

	<u>Millages</u>	
	Authorized	Levied
General maintenance	6.32	6.32

#### Note 4. Cash and Cash Equivalents

At December 31, 2001, the District had cash and cash equivalents (book balances) totaling \$264,263 as follows:

Demand accounts	\$ 94,431
Certificates of deposit	169,832
Total	\$264,263

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2001, the District has \$265,130 in deposits (collected bank balances). These deposits are secured from risk by \$200,000 of federal deposit insurance and by pledged securities held by the custodial bank in the name of the fiscal agent bank with a market value of \$205,125 (GASB Category 3).

#### FOURTH WARD DRAINAGE DISTRICT NO. 1 OF ACADIA PARISH CROWLEY, LOUISIANA

#### ANNUAL SWORN FINANCIAL STATEMENTS AND CERTIFICATION OF REVENUES \$50,000 OR LESS

The annual sworn financial statements are required by Louisiana Revised Statute 24:514 to be filed with the Legislative Auditor within 90 days after the close of the fiscal year. The certification of revenues \$50,000 or less, if applicable, is required by Louisiana Revised Statute 24:513(1)(1)(c)(I).

#### AFFIDAVIT

Personally came and appeared before the undersigned authority, Larry Lawson, who, duly sworn, deposes and says that the financial statements herewith given present fairly the financial position of the Fourth Ward Drainage District No. 1 of Acadia Parish as of December 31, 2001, and the results of operations for the year then ended, in accordance with the basis of accounting described within the accompanying financial statements.

In addition, Larry Lawson, who duly sworn, deposes and says that the Fourth Ward Drainage District No. 1 of Acadia Parish received \$50,000 or less in revenues and other sources for the fiscal year ending December 31, 2001, and accordingly, is not required to have an audit for the previously mentioned fiscal year-end.

Sworn to and subscribed before me, this 2/1 day of March\_,

Officer Larry Lawson
